

FEDERAL VOTING ASSISTANCE PROGRAM

DEPARTMENT OF DEFENSE
WASHINGTON, DC 20301-1155

December 18, 2006

Mr. Daniel White
Executive Director
State Board of Elections
1020 S Spring Street
Springfield, IL 62708

Dear Mr. White,

I would like to thank you for the work you have done over the past several years to promote and support the legislative initiatives the Federal Voting Assistance Program (FVAP) has recommended. The 2006 elections pointed out the importance of the states enacting these legislative initiatives. In particular, the provision of 45 or more days for ballot transit; electronic transmission of Federal Post Card Applications, blank ballots, and voted ballots; and, authorization for the state chief election official to implement emergency measures. States with these provisions were able to support a greater number of situations faced by our brave men and women serving in combat areas such as Iraq and Afghanistan, and other U.S. citizens worldwide. I would ask you also to consider alternative methods that these citizens could use to request their absentee ballots such as phone, email or by proxy, and utilizing digital signatures with electronically transmitted materials.

After reviewing Illinois's existing election code and procedures, I have identified nine initiatives that the Illinois legislature might consider during the upcoming legislative session. These initiatives are discussed in detail with suggested wording in the enclosed legislative initiatives document. If these initiatives are enacted and signed into law, they would significantly help to facilitate the absentee voting process for Illinois's citizens covered by the *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)*. Information available to FVAP indicates that there are 57,215 Uniformed Services members, 42,911 family members and approximately 152,855 overseas citizens that claim Illinois as their voting residence.

As you review the enclosed initiatives for possible inclusion in Illinois's 2007 legislative agenda, please do not hesitate to contact us for assistance. We can provide legislative wording that other states have enacted to implement similar measures and provide written or in-person testimony, if desired. We have come a long way in simplifying the absentee voting process since the enactment of the *UOCAVA*—let's continue our joint efforts to achieve the simplest possible absentee voting process while maintaining its integrity.

Sincerely,

A handwritten signature in black ink, reading "J. Scott Wiedmann", is written over a horizontal line.

J. Scott Wiedmann
Deputy Director

Enclosure:
2007 Legislative Initiatives and Suggested Wording

Illinois 2007 Legislative Initiatives and Sample Language

Electronic Transmission of Election Materials

Since the 1990 general election, electronic transmission has proven to be a valuable alternative method for facilitating the enfranchisement of military persons and overseas citizens serving their country who may have otherwise been unable to vote. This initiative has helped ensure these citizens were not disenfranchised by allowing them to cast a ballot when they would otherwise not have been able to vote due to time and location constraints.

Throughout an election year cycle, various circumstances exist that require the need for this alternative procedure in order for citizens to vote. The basic concept of electronic transmission of election materials is to secure high-speed delivery of election materials to and from the voter and local election officials. Your support in developing the **acceptance of electronic transmission for all aspects of the process**, with proper controls, would cut the ballot transit time at least in half. This would reduce the major obstacle to voting absentee and allow local election officials more administrative flexibility in preparing election materials.

Consideration should be given to expand the use of modern technology in the absentee voting process. We realize Illinois enacted legislation to provide for electronic transmission of the Federal Post Card Application (FPCA) for ballot requests by members of the Armed Forces. We recommend expanded use of this alternative to include electronic transmission of the FPCA for registration from all citizens covered by UOCAVA, electronically sending the blank ballot to these voters, and accepting the voted ballot from these voters where circumstances would otherwise disenfranchise them. **Sixteen** states now allow electronic transmission of the FPCA for registering and requesting the absentee ballot, sending the blank ballot, and accepting the voted ballot. The sample language below includes these alternatives.

Sample Language

An applicant who is a member of the United States Armed Forces or the United States merchant marine, a family member, or is a qualified elector living outside the United States, may apply for registration and an absentee ballot by electronic transmission if otherwise qualified to apply for and vote by absentee ballot. An auditor or clerk official may send and receive absentee ballot applications and accept voted ballots from eligible electors via electronic transmission.

Emergency Authority for Chief Election Official

During a period of a declared emergency or other situation where a short time-frame for ballot transmission is created, it is recommended that Illinois' **State Board of Elections/Chief Election Official have the authority to designate alternate methods for handling absentee ballots** to ensure voters have the opportunity to exercise their

right to vote. The State Board of Elections/Chief Election Official and the Federal Voting Assistance Program could establish expeditious methods for handling absentee ballots including, but not limited to, electronic transmission or fax. As an example, in light of the surge of Guard and Reserve forces being deployed, the State Board of Elections/Chief Election Official can temporarily allow electronics transmission of all voting materials for Active Duty Military. **Seventeen** states have passed legislation giving the Chief Election Official authority to designate alternate methods of handling absentee ballots in emergency situation.

Sample Language

The State Board of Elections/Chief Election Official may exercise emergency powers over any election being held in a district in which either a natural disaster or extremely inclement weather has occurred. The State Board of Elections/Chief Election Official may also exercise emergency powers during an armed conflict involving United States Armed Forces, or mobilization of those forces, including State National Guard and Reserve components of this state, the State Board of Elections/Chief Election Official may prescribe, by emergency orders or rules, such special procedures or requirements as may be necessary to facilitate absentee voting by those citizens directly affected who otherwise are eligible to vote in the state.

The State Board of Elections/Chief Election Official shall adopt rules describing the emergency powers and the situations in which the powers will be exercised.

Expansion of Late Registration Procedures

Illinois currently allows members of the Armed Forces or merchant marine, discharged within 60 days of an election who return to the state too late to register, to vote in the upcoming election. We recommend that Illinois expand this procedure and **allow family members of these service personnel and civilians recently separated from overseas employment to be able to register late or be exempt from registration and be allowed to vote in the upcoming election.** Like members of the Armed Forces, many overseas citizens go through a transition period when they first leave overseas employment and may reside in your state just prior to an election and this time frame does not meet your state's 30-day residency requirements. Often, the date of discharge or termination of overseas employment and a state's registration requirement combine to disenfranchise a discharged military member or overseas citizen returning home after employment abroad. Expanding the scope of your existing procedure would solve this problem. **Eighteen** states currently have a late registration procedure that includes all UOCAVA citizens.

Sample Language

An individual or accompanying family member who has been discharged or separated from the Uniformed Services, the merchant marine, or from employment outside the territorial limits of the United States, too late to enable him or her to register by the regular state deadline, shall be entitled to register up to the day of the next election after such discharge, separation, or termination of employment.

Expand Application for Ballot by Proxy to Overseas Citizens

Currently, Illinois allows spouses, and other family members, to use a special application provided by the local election official to request that an absentee ballot be mailed to members of the Uniformed Services. **We recommend this option be expanded to allow spouses and other family members of overseas civilian citizens to request an absentee ballot be mailed to them.**

Sample Language

If a spouse, dependent, mother, father, sister or brother of a citizen voting under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) is registered to vote in the same county as that citizen, he or she may request that an absentee ballot be mailed to that voter by completing a special application provided by the local election official.

State Special Write-In Absentee Ballot

We also recommend Illinois provide a special write-in absentee ballot for all elections. The purpose of the special write-in absentee ballot is to **provide a method for voting by military and other persons overseas who, due to military contingencies or special circumstances such as those faced by submariners, Peace Corps volunteers, missionaries or others in remote areas, will be out of communication for extended periods of time and unable to receive the regular absentee ballot sent in the normal time frame.** A voter could request a special write-in ballot 90 days in advance and write in the names of the candidates or party preferences. The voter knows in advance that he or she will not be able to receive, vote, and return the regular absentee ballot from the state in time to be counted. **Twenty-seven** states now provide special write-in absentee ballots.

This special write-in absentee ballot should not be confused with the Federal Write-In Absentee Ballot (FWAB) that is prepositioned at Embassies and Consulates, military installations, overseas organizations and corporations. In comparison, the FWAB is generally only available to military members on active duty absent from their voting residence and overseas citizens who have already applied for a regular absentee ballot from the state. They do not know in advance that they need the FWAB. If the regular absentee ballot from the state does not arrive in sufficient time for the voter to return the voted ballot and meet the state deadline, these voters may obtain, vote, and return the FWAB to the local election official.

It is also important to note that a state write-in absentee ballot usually provides a “full” slate of offices to be voted upon including Federal, state, and local offices. On the other hand, the FWAB generally allows voting for Federal offices. There are presently **thirteen** states that have expanded the use of the FWAB beyond Federal law. The revised FWAB was designed to accommodate its use beyond the general election and Federal offices only.

Sample Language

If the voter is a U.S. citizen residing outside the United States, a member of the United States Uniformed Services or merchant marine, or their family members, and a qualified elector, he or she may request, not earlier than 180 days before an election, a special write-in absentee ballot. The voter must submit with the request a statement that provides that due to military or other contingencies that preclude normal mail delivery, the elector cannot vote an absentee ballot during the normal absentee voting period. The state will make the ballot available "90 to 180" days before the election.

Reference to the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) in the State Election Code

Chapter 10 of the Illinois Election Laws makes no reference to Federal law. In 1986, Congress passed the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) which the Federal Voting Assistance Program administers. **Reference to the UOCAVA in the state election code** would help election officials and interested citizens find guidance to applicable federal law and increase their familiarity with the statute and its application. We recommend that UOCAVA be referenced in appropriate sections of the state election code. **Thirty-seven** states now reference the UOCAVA in their election code.

Sample Language

This language is usually found under the chapter in the State Election Code that makes reference to federal elections:

It is the intent and purpose of this Legislature that the provisions set forth in this chapter are designed to facilitate the federal mandate of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA, 42 U.S.C. 1973 ff et. seq.).

Expand Use of Federal Write-In Absentee Ballot

Currently the Federal Write-In Absentee Ballot (FWAB) may be used only in general elections for Federal offices only. This ballot is prepositioned worldwide at Embassies and Consulates, military installations and overseas organizations and corporations with American membership. By **expanding its use to include special, primary and runoff elections for Federal offices**, citizens would not be disenfranchised because regular ballots are not received in a timely manner. Frequently, there is insufficient time between the call for a special election and the actual election and between primary and runoff elections. Allowing use of the FWAB in these elections would reduce the need for legal action when insufficient time exists for the ballot to be received, voted and returned to be counted. During past primaries, on an *ad hoc* basis, several states and jurisdictions allowed the FWAB to be used for offices other than Federal offices. **Thirteen** states have legislatively expanded use of the FWAB beyond the Federal law.

In addition, for those citizens that desire to vote in elections for Federal office only, the acceptance of the FWAB voter declaration as **a request for registration simultaneously with the submission of the FWAB** would further simplify the process, improve on transit time and help ensure enfranchisement. It should be noted that the information requested on the voter declaration is basically the same as the information requested from the voter on the Federal Post Card Application (FPCA). We recommend the FWAB be accepted simultaneously as a registration form and ballot by the state for general election and Federal offices if:

- (1) the information submitted complied with the state's registration requirements;
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted; and
- (3) the request is received by the appropriate state election official not less than 30 days before the election, or by the registration deadline established by the state, whichever is later.

The adoption of this initiative would save Illinois money and alleviate administrative responsibilities on the part of the local election official.

Sample Language

- Expanded use of the FWAB:

If the voter is residing outside the United States or is a member of the United States Uniformed Services or merchant marine, or their family members, and a qualified elector, he or she may use the Federal Write-In Absentee Ballot in general, special, primary, and run-off elections for local, state and Federal offices.

- Use of FWAB as a Combined Request for Registration and Ballot Submission:

If the voter is residing outside the United States or is a member of the United States Uniformed Services or merchant marine, or their family members, and a qualified elector, he or she may use the Federal Write-In Absentee Ballot (FWAB) voter declaration as a request for registration simultaneously with the submission of the FWAB if:

- (1) the information submitted complies with the registration requirements of the state;*
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted; and*

(3) the request is received by the appropriate state election official not less than 30 days before the election, or by the registration deadline established by the state, whichever is later.

Enfranchise Citizens Who Have Never Resided in the U.S.

There are many U.S. citizens who have never resided in a state and under current law are not entitled to vote. These are usually first or second generation citizens who are subject to U.S. income tax and all other requirements of citizens. Except for the fact that they have never resided in a state, they would be eligible to vote in elections for federal office. **Fifteen** states have passed legislation allowing these citizens to claim the legal residence of a parent. **We recommend these citizens be allowed to vote in elections for federal offices where either parent is eligible to vote under UOCAVA.**

Sample Language

If a U.S. citizen outside the United States who has never lived in the United States has a parent who is a qualified elector, then that person is eligible to register and vote where his or her parent is a qualified elector.

Acceptance of a Signature and Date on Ballot as Evidence of Time of Completion

We recommend that **Illinois accept the signature and date on a ballot envelope as evidence of the time the ballot was completed by a uniformed service or overseas voter in lieu of a postmark.** Although UOCAVA voters may have voted and mailed their ballot in a timely manner, the ballot envelope may not have been postmarked on that date. By signing and dating the ballot the voter, under penalty of perjury, is certifying that their ballot was voted prior to the close of polls on election day.

Sample Language

If the voter is residing outside the United States, or is a member of the United States Uniformed Services, merchant marine, or a family member, and a qualified elector, the ballot shall be counted if it is signed and dated by the voter prior to the close of polls on election day and received by the absentee ballot deadline.
